SUMMARY

IT Support Engineer with hands-on experience in identity and access management, ServiceNow administration, and endpoint security tooling. Skilled in Active Directory, Okta, Intune, and PowerShell automation with a track record of streamlining IT operations. Pursuing growth in IAM engineering, ServiceNow development, or security operations.

EXPERIENCE

Insméd Incorporated

Bridgewater, NJ

IT Support Engineer

August 2024 – Present

- Expanded role to include Knowledge Base Manager: restructured IT documentation library, standardized 100+ knowledge articles, deprecated outdated content, and supported Moveworks AI integration to enable self-service ticket deflection.
- Redesigned ServiceNow self-service catalog from ground up—consolidated 50+ software licenses, rebuilt search taxonomy, and standardized UI/UX.
- Conducted mobile device inventory audit in AirWatch and automated AD attribute sync via PowerShell, enabling instant device verification for 24/7 support team and integrating AlertMedia emergency notifications.
- Supported IT SOX compliance audits by collecting FAIT documentation, remediating control gaps, and ensuring audit readiness.

Insméd Incorporated

Bridgewater, NJ

IT Support Engineer Intern

May 2024 – August 2024

- Cleaned up 300+ devices in Active Directory in three days, improving database accuracy by 25%.
- Developed ServiceNow workflows, scripts, and catalog items for hardware provisioning project—partnered with platform team to design solutions and document configurations.
- Resolved 200+ onboarding tasks in one week during peak hiring period, ensuring new hires met start dates.

Rutgers University Office of Information Technology

Piscataway, NJ

Help Desk Consultant

July 2022 – August 2024

- Promoted from Level 1 to Level 2 support within four months; trained and mentored new Level 2 consultants on troubleshooting methodology and professional communication standards.
- Resolved 50+ technical support requests weekly via phone, email, and in-person channels for students, faculty, and staff.

SKILLS & CERTIFICATIONS

Certifications: TestOut Security Pro – November 2024

Platforms: ServiceNow (Admin/Dev), Active Directory, DocuSign, Okta, Jamf, Intune, Carbon Black, Office 365, LogMeIn, React

Languages & Systems: PowerShell, Python, Javascript, HTML, CSS, SQL | Windows, macOS, Linux

PROJECTS

matthewjmalnak.com

Personal portfolio website built with React, Tailwind CSS, and React Router for multi-page navigation. Integrated WebGL shaders for visual effects.

PowerShell AD Automation

Built scripts to query Active Directory, cross-reference user data against hardware for inventory validation.

EDUCATION

Rutgers University *Dual B.A. in Information Technology and Criminal Justice*

September 2021 – May 2025 (Graduated)

Cum Laude, Dean's List, GPA: 3.5/4.0
